- Are pictures and or video recordings allowed in the theater?

NO. Pictures and video recordings of any kind are ABSOLUTELY PROHIBITED. Audience members caught photographing or recording any portion of the performance will be asked to leave immediately.

- Why?
    - Holding up a phone or any recording device is rude and completely disrespectful to the guests around you.
    - The flash from a phone or camera can distract and or blind a dancer on stage, which can lead to a serious injury.
    - The choreography is the property of BCSTX.
    - It is better to enjoy your dancer's performance in person and not behind a device.

Both performances will be professionally recorded and photographed. All pictures and recordings will be available for purchase after the performance.
