Q & A

Why does my child need to rehearse on stage before the performance?

There are a lot of elements on stage that make it harder for dancers to feel comfortable. Dancers need to have a blocking or dress rehearsal. This means place the dancers on stage in relation to the action, to the sets and to each other for optimum sight lines and formations. Dancers also need to know where they need to enter and exit from backstage to the stage and which "wings" (drops at the side of the stage) they need to go through. Having a rehearsal on stage before the performance makes the dancers more at ease and comfortable with their dance. They will be able to enjoy the performance without being insecure or scared of being in a new environment.

Who will be with my child during rehearsal and performance?

Your dancer's ballet instructor will be with their class during rehearsals and performance. There will also be BCSTX Teacher Assistants/BCSTX Company Dancers, and approved volunteers helping backstage and in the dressing rooms.

Where do I drop off my dancer the day of the performance?

ALL performers will be dropped off at the side entrance and left to the main entrance of McAllister Auditorium. A designated parent/or guardian will need to check-in their dancer. The dancer will be escorted backstage by a BCSTX volunteer or Teacher Assistant. Please familiarize yourself with your child's class level and performance piece. This will make things run smoother and help volunteers.

How do I pick up my child after the performance?

After the performance is over, an announcement will be made dismissing the dancers. CMI to Primary and Sunshine Kinder will be dismissed in the theater lobby. Ballet I & Ballet II will be dismissed from the side entrance (same as the drop-off location). An announcement will be made in the theater when a class is ready to be dismissed. **ONE Parent/Guardian will need to sign-out their dancer in the theater lobby.** The rest of the guests need to exit the theater and wait in the garden entrance outside the lobby. *If anyone other than a parent or legal guardian is picking up your dancer, please provide us with written notification of who will be accompanying your dancer.*

Are pictures and or video recordings allowed in the theater?

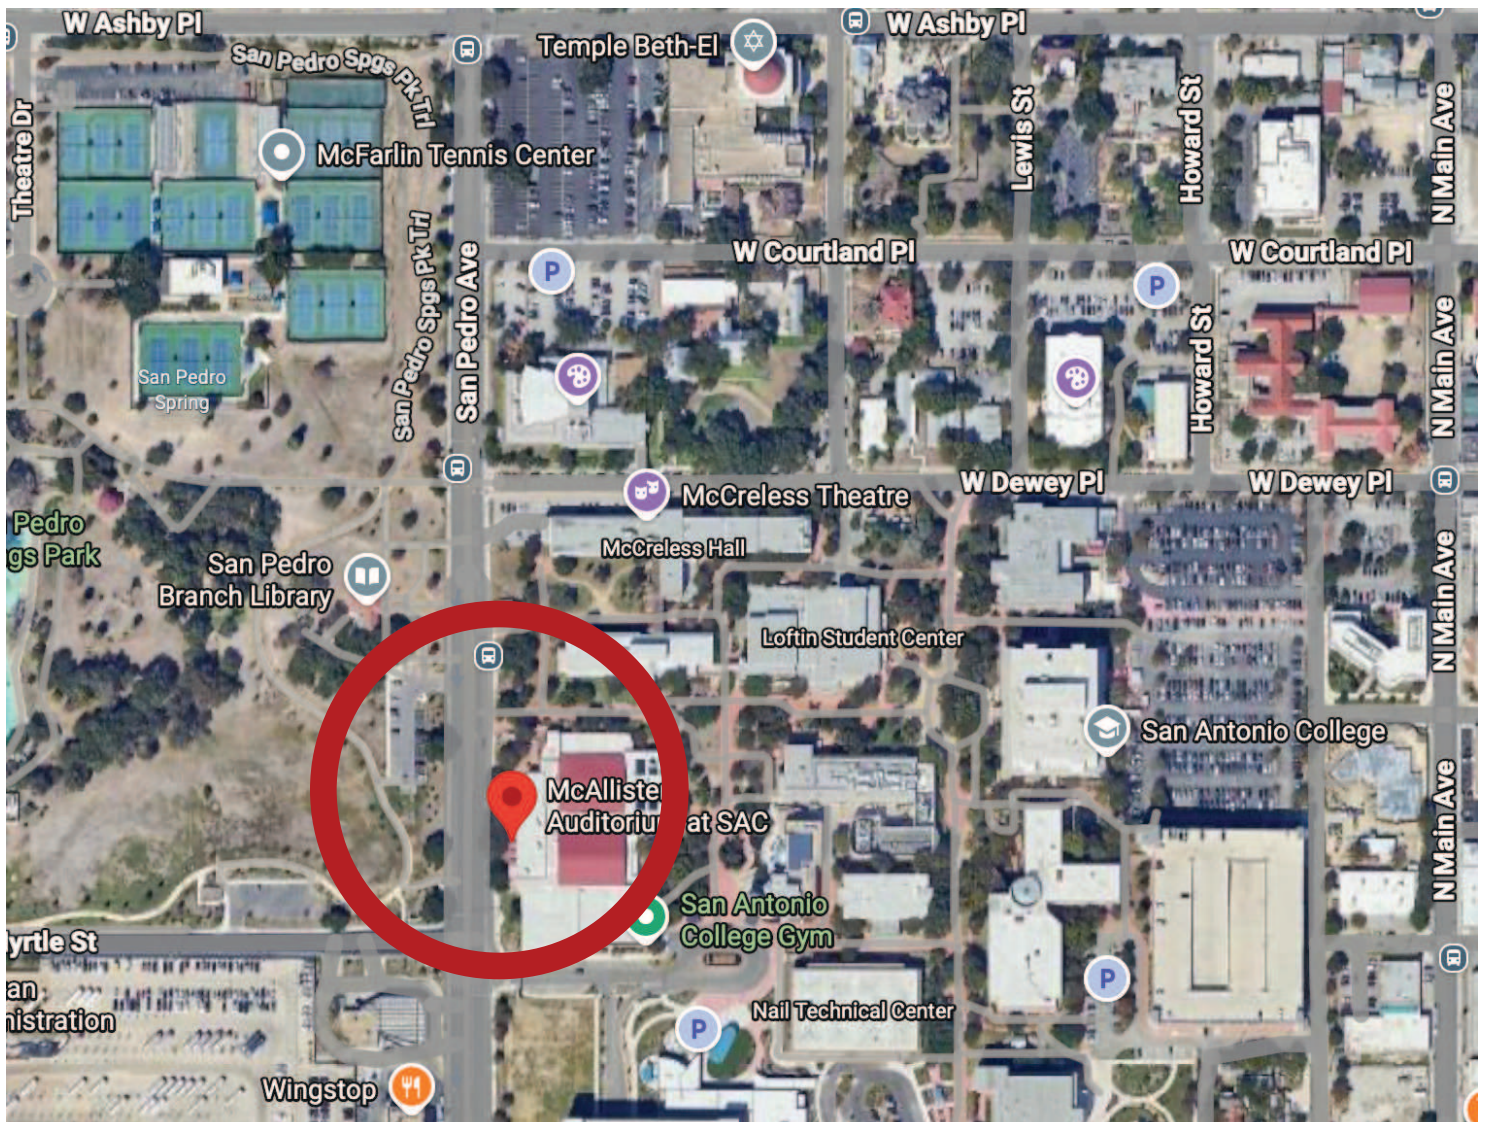

NO. Pictures and video recordings of any kind are ABSOLUTELY PROHIBITED. Audience members caught photographing or recording any portion of the performance will be asked to leave immediately.

Why?

Holding up a phone or any recording device is rude and completely disrespectful to the guests around you. The flash from a phone or camera can distract and or blind a dancer on stage, which can lead to a serious injury. The choreography is the property of BCSTX. It is better to enjoy your dancer's performance in person and not behind a device. Both performances will be professionally recorded and photographed. All pictures and recordings will be available for purchase after the performance.

If you need to contact BCSTX the day of the performance, please email Ms. Marie at marie@balletconservatory.org
